Summary

Program Manager and Pega Certified Lead System Architect (CLSA) with 14+ years of experience in BPM/CRM across EY, Accenture, and Cognizant. Proven in end-to-end solutioning, architecture, delivery governance, and modernization of enterprise Pega platforms—covering scope definition, design, build, testing, UAT, and production rollout. Known for building internal assets, leading RFPs/POCs, and improving quality, performance, and time-to-value.
